### THE GIFT FROM GOD

#### HEAR THIS EPIC

There is a child...

...in this world, in your city, town or even in a country far away, who has spent the day without a meal to eat and would possibly spend the night in the cold on an empty belly, with no roof, no bed to sleep on. This child is one among millions scattered on the streets of our cities and towns. Everyone of these children have a horror story to tell about their lives of what happened; the nightmares, inhuman abuses, physical, sexual and even the brutality of the law enforcers that will send chills to your spine, as they describe it with pain and innocence in their voices. Whose fault is it?

"What did I do? If my dad or mom were alive, this wouldn't have happened. If there were no tribal wars my parents would not have died, our house wouldn't have burned down and I wouldn't be living on the streets. I wish I could go back to school, but I can't. I have to beg or go through the dumpster to eat to survive. Who will come to my aid? I wish I could go back to school and start a new life from being a 'street kid'..., that's what we are called, but we are a big family. We are actually called 'street family'. I wish I could return to my family, but they are dead. We ask you to be part of our family. You do not have to live with us on the streets but you can help get the 'street' out of us."

We are voicing the voice of the voiceless. your prayers are very great investment into their life. Each day, consider praying with for us for heavenly resources. Our weekly reach is to encourage them by sharing the Love of Christ and providing them with hot meals at least.

Above all we have amazing love child care, a school where we are determined to raise champions from zero to hero. Our vision is: **Every child is a kingdom leader.**

We have devoted and best staff who are giving their best to see this champions made to become. Help us bring a ray of Hope.....

We love you!
