Showing love

It has not been easy for us and team here to continue reaching out to our beloved kids in the street. With the virus thing , it is very sad and more painful to the children who are family less and hopefully. They can't effort mask nor sanitizer for even food for them is a miracle . It's raining heavy and all are out in cold . Your prayers and consideration to be part of there life is a huge huge blessing.

One of the most touching ministry and passion is seeing a smile to someone else. We are here to

help you realize the life at other corner of the world. Such story is very untold ,but they are true story. It takes \$2 to help us reach them. There's a big number of such kids in the street that left without hope only scavenging in garbage to survive.

Amazing love ! A place for growth and realization of gifts ,talents, calls and raising up champions and leaders for the for this generation and the coming one. We thank God for the blessing and not forgetting you for being obedience to Him and stepping forward to help us to help to help them. Nothing one can easily forget like the support for supplies . This hard time of cover covid 19 .

We are so grateful and trusting God for our economy to open up. Things still hard and rough here.

It's always a blessing hanging around other ministers ,especially praying together and encouraging one another at this time of covid 19. We had laughter and general joy together with this leaders.

We celebrate Him for the gift of salvation, without Him and remember the price He paid at Calvary, honestly I don't know how life could have been . We still have fee folks whom we do the online service together . Not sure what will be like after this pandemic. We all count it joy and a blessing to knowing you, we know and believe that this is the time for a big breakthrough in our life,. Be it in ministry areas or financial or business. My mind is ready for the transition and moving to another level. Am here to totally learn from you and the team here. Your wisdom counsel and process is what we are looking forward. Can't wait when things will come back to normal operation. On our knees praying .

Below is our last Sunday morning service..

We love you and know that your support- gift is of a huge blessing and value here. Any amount always brings total difference
