

MAY MISSIONS 2017

We thank God for this far end, we have come, This was just dream and now it's a reality of what the

Lord is doing here.....

soon and very soon-we will be blowing the final trumpet of celebration . **Nothing that happens just by happening, as the foundation of this planet did not just happened because of happening! But its Gods ordained for His purpose. This house is here and will be here for generations to come for the purposes of God.**

We are so much grateful for His doing together with us in this street reaching ministry (upendo) Upendo, means "LOVE" we thank God that He has allowed us to be a blessing both physically and spiritually. Our weekly reach is to embrace this forgotten and rejected family by His Love in Christ Jesus.

It is not of how much you to help, but it's the desire of the heart and that genuine LOVE that leads one to sacrifice for others.

We are full of His joy for what He is doing here with us, we have seen souls harvested in the kingdom – we don't share in His glory- we swear that all glory goes back to Him. Thank you for partnering with us for this great commission of emptying hell and fulfilling the heaven.

Amazing Love is a school determined and committed in seeing the life of a child and their education wise to a maximum use. The Way of getting our community out of poverty is by providing the education- the reason why we have this school is due to love and the vision we have of raising up champions.

- Public school in Kenya is worse than in prison –one teacher needs to work with 300 kids, that brings total confusion to our beloved kids.

-The vision of amazing Love is: every child is a kingdom child.

-The school has devoted and Christian teachers – thus gives the school up hand in raising the child both physically and spiritual.

- The school now needs more classroom, teachers and also food for the children. We give back to the community we are in.

- we pray that your \$20, \$ 50, \$100, \$500, \$1000 will be of great blessing to this children.

- you may not make to come- but we know, where your money goes you are have gone.
